

Use, Design, and Innovation group

Erik Grönvall

Mads Ingstrup

Morten Kyng

Preben Holst Mogensen

... and many more

Use, Design, and Innovation group

- > empirical and theoretical research in use, design and innovation processes.
- > focus is on Participatory design,
- > accomplished through large projects, where users, companies and researchers cooperate
- > currently most of our projects are within the areas of healthcare and emergency management.
