Time	Sunday August 7	Monday August 8	Tuesday August 9	Wednesday August 10	Thursday August 11
08:30		Registration			
09:00		Nati Linial	Thomas D. Hansen	Piotr Indyk	Thomas D. Hansen
09:30		High-dimensional combinatorics	The simplex algorithm and the Hirsch conjecture	Similarity search in high dimensions	The simplex algorithm and the Hirsch conjecture
10:00					
10:30		Coffee break	Coffee break	Coffee break	Coffee break
11:00		Ken Clarkson	Nati Linial	Ken Clarkson	Alexandr Andoni
11:30		Metrics, Nets, Measures, Dimension, and Search	High-dimensional combinatorics	Metrics, Nets, Measures, Dimension, and Search	Embedding and sketching
12:00					
12:30		Lunch Break	Lunch Break	Lunch Break	Lunch Break
13:00					
13:30					
14:00		Alexandr Andoni	Piotr Indyk	Transport	Nati Linial
14:30		Embedding and sketching	Similarity search in high dimensions	Excursion	High-dimensional combinatorics
15:00		Coffee break	Coffee break		Coffee break
15:30		Thomas D. Hansen	Alexandr Andoni		Piotr Indyk
16:00		The simplex algorithm and the Hirsch conjecture	Embedding and sketching		Similarity search in high dimensions
16:30		Student Poster Session			
17:00	Reception				
17:30					
18:00	Registration and Welcome				
18:30				Transport	
19:00				Summer School Dinner	
19:30					
20:00
