- Program must include all courses
- Program must include at least one of HCI 1, HCI 3, UBI 3

Shared with CS

- Socio-Technical Design
  - Design 1
  - Design 2a

- HCI
  - HCI 1
  - HCI 2
  - HCI 3

- Ubiquitous computing and Interaction
  - UBI 1
  - UBI 2a
  - UBI 2b
  - UBI 3
HUMAN-COMPUTER INTERACTION

- First 15 ECTS are mandatory courses in IT Product Development Master’s Program
- Semesters are independent – can be taken in any order

Ubiqitous Computing and Interaction
- Hans-Jörg Schultz
- Kaj Grønbæk
- Ken Pfeuffer
- Marianne Graves Petersen
- Niels Olof Bouvin

AARHUS UNIVERSITY
DEPARTMENT OF COMPUTER SCIENCE
IT PRODUCT DEVELOPMENT MASTER’S
11 OCTOBER 2022
ELECTIVE COURSES (FALL)

In addition to earlier mentioned specialization courses

• Bachelor level courses
• Project Work in IT Product Development (5 or 10 ECTS)
• Erhvervsprojekt / Vocational Training Project at the Department of Computer Science (10 ECTS)
  • Collaboration with a company
  • https://studerende.au.dk/en/studies/subject-portals/computer-science/project-collaboration/
    https://studerende.au.dk/studier/fagportaler/datalogi/projektsamarbejde/cs-project-bank/
ELECTIVE COURSES (FALL)

Courses at other departments:

- Arts
  - Data and Digital Culture (10 ECTS)
  - Design som kritisk praksis (10 ECTS)

- Tech
  - Embedded Real Time Systems (10 ECTS)
  - Sustainable Design and Production (10 ECTS)

If you fail an exam in an elective course, then that course has become mandatory! If you have made an erroneous choice of an elective course please contact us for guidance immediately!

Bemærk at Arts-kurser stiller krav til skriftlig analyse, litteraturinddragelse og præsentation i en Arts-tradition – se de enkelte kursusbeskrivelser
MASTER’S DEGREE PROGRAM

- Study abroad
  - Study abroad semester (30 ECTS)
- Admission
- Practical information
MSc program with study abroad semester

- If your elective course in the 1st semester is from the HCI or UBI specializations, then there is no requirements on your study abroad courses.
- Otherwise, you have to take an HCI or UBI course when abroad. It need not be a course that is identical to an AU course. It suffices with a course within the area of HCI or UBI.
MASTER’S DEGREE PROGRAM

• Structure of the Master’s Degree Program
• Study abroad
• Admission
• Practical information
ADMISSION

• When bachelor completed
• You apply for admission into Master’s Program
  • Deadline 1 March
• ... or apply for admission into PhD studies
• Admission
  • You must actively apply for admission
  • You must actively apply for SU
  • Making a study program (contract) does not suffice
• https://kandidat.au.dk/optagelse/ansoegning/
TEMPORARY ADMISSION

• If you lack X<30 ECTS in your bachelor, you may for a 6 months period take 30-X ECTS courses to be part of your future Master’s Program
• No temporary admission if you still lack a mandatory course and you have failed it twice!
• Never delay (re)examination in a mandatory course!
• This might have SU-related consequences!
• https://studerende.au.dk/studier/fagportaler/datalogi/studievejl/midlertidig-indskrivning-paa-kandidatstudiet/
PHD STUDIES?

Apply for PhD studies!

- [https://phd.nat.au.dk/programmes/computer-science/](https://phd.nat.au.dk/programmes/computer-science/)
- You receive a salary while studying!
- Apply for PhD studies directly following your Bachelor’s degree, during your Master’s studies or following your Master’s degree.
- For deadlines see [https://phd.nat.au.dk/for-applicants/](https://phd.nat.au.dk/for-applicants/)
- Contact Anders Møller for info [http://pure.au.dk/portal/en/amoeller@cs.au.dk](http://pure.au.dk/portal/en/amoeller@cs.au.dk)
MASTER’S DEGREE PROGRAM

  - Contracts
  - Signing up for courses
  - "Fremdriftsreform"
  - Student Guidance
CONTRACTS

- [http://kontrakt.nattech.au.dk/](http://kontrakt.nattech.au.dk/)

**Study Contract:**
- Complete before signing up for first course in Master’s Program
  - Also in case of temporary admission
  - You may only sign up for courses mentioned in your contract
- Revise at semiannual interviews in April and October
  - You will receive an email invitation
  - You will have a friendly chat with Søren and Gudmund

**Project Work Contract:**
- In addition to signing up for a project work / vocational training project (erhvervsprojekt) you must also make a contract

**Thesis Contract:**
- Fill out at start of thesis work
SIGNING UP FOR COURSES

Sign up:

- Mid January – Mid March for courses in the Summer, see https://studerende.au.dk/en/summeruniversity
- May 1-5 for courses in the Fall
- November 1-5 for courses in the Spring
- Advance approval of credit transfer is needed for courses from outside Nat-Tech,
  - Apply well in advance!
  - Advance approval of credit transfer is no guarantee that you will be admitted to the course!

Schedule for elective courses:

- watch out for collisions!
FREMDRIFTSREFORM ("STUDY PROGRESS REFORM")

• If you follow the recommended program of study (30 ECTS per semester), take courses in the correct order (the Box Diagrams) and pass all courses at the ordinary exam or at the first scheduled re-exam then you need not worry about the study progress reform.

• If you fall behind or do not pass a course at the latest by the first reexamination then contact us for advice and guidance on your individual study program.

• If you ignore this advice and believe that “it will be fine”, it may have serious consequences!

• If you do not complete your master’s program within six months after the prescribed time you are automatically signed out of the study program / out of the university https://studerende.au.dk/en/studies/subject-portals/computer-science/student-counselling/maximum-duration-of-study/.

• If you fail an exam in an elective course, then that course has become mandatory! If you have made an erroneous choice of an elective course, please contact us for guidance immediately!
STUDENT COUNSELOR

The student counselor may help you

- Maja Skovgård Nielsen

- [https://studerende.au.dk/studier/fagportaler/datalogi/studievejl/kontakt-studievejledning/](https://studerende.au.dk/studier/fagportaler/datalogi/studievejl/kontakt-studievejledning/)

- Possible topics:
  - Change of study program, delay, leave of absence, withdrawal.
  - Illness.
  - Study regulations, selecting supplementary subjects.
YOU CAN HAVE INFLUENCE!

Join a committee
- Contact the chair
- You may look up current student members on the web
